

4 Courses

Introduction to TensorFlow
for Artificial Intelligence,
Machine Learning, and Deep
Learning

Convolutional Neural
Networks in TensorFlow

Natural Language
Processing in TensorFlow

Sequences, Time Series and
Prediction

Nov 24, 2020

Adolfo Villalobos

has successfully completed the online, non-credit Professional
Certificate

DeepLearning.AI TensorFlow Developer

Congratulations! You have completed all 4 courses of the
DeepLearning.AI TensorFlow Developer Professional Certificate
program. As part of this Professional Certificate program, you have
learned: how to build and train neural networks using TensorFlow,
how to improve network performance using convolutions as you train
it to identify real-world images, how to teach machines to understand,
analyze, and respond to human speech with natural language
processing systems, and more! These, and other TensorFlow
concepts, are going to be at the forefront of the coming
transformation to an AI-powered future.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included
courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment
at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the
identity of the learner.
